Mallard

5.0% ABV

Colour:
Amber

Aroma:
Hoppy, fruit, sulphur

Taste:
Hoppy, resinous

Aftertaste:
Spicy warmth

This amber coloured ale has a strong hoppy aroma with a hint of fruit and slightly metallic sulphur. The taste is almost very hoppy; the Golding hops bring a spicy and resinous flavour to this thirst quenching summer ale. The flavour gets even spicier in the aftertaste and you're most definitely left wanting another pint.

Head Brewers Notes:

'Summer ale with an intense body'
Ian Burgess, Head Brewer.
